

REQUIREMENTS	OPTION 1 (ART 28)	OPTION 2 (ART 13) Preferred by Eskom & Mines and other big names in the Industry.
		<ol style="list-style-type: none"> Must have 5 years traceable relevant experience in electrical field; and Technical Metric OR N2 Electrical (Mathematics, science & Electrical Trade Theory)

15 DAY: ELECTRICAL TRADE TEST PREPARATION ONLY

Please note that anyone can apply for trade test preparation as Protech Training assume that the applicant already register for trade test at another institution and they already require the documents needed for trade testing. Protech Training applicants for trade test need to submit relevant documents (all certified) as per ESETA application. If you need to do trade test with Protech Training please ask for the correct application form.
